### **Fire Won't WAIT! Plan your ESCAPE!**

If a fire broke out tonight while you were sleeping, would you and your family get out alive?

You must develop a home fire escape plan now and practice it regularly.

Make sure that every family member knows two ways out of every room and establish a family meeting place away from the house so that everyone can be accounted for.

Call the Fire Department from a neighbour's home. Remember, fire won't wait—so plan your escape.
